

Transforming Correctional Healthcare

University Correctional Health Care Solutions, LLC (UCHCS) is committed to clinical governance and high-quality care, underscoring the dedication to creating positive, lasting impacts across communities throughout the country. The principals have dedicated their professional service to this industry while maintaining an impeccable legal standing.

A self-sufficient staffing model ensures a qualified team of healthcare professionals committed to enhancing patient and family well-being. With extensive experience in correctional healthcare, there is emphasis on a multidisciplinary approach, providing 24/7 urgent care access and seamless transitions to outpatient services. Our patient-centered philosophy prioritizes dignity and well-being, complemented by strategic community partnerships that address social determinants of health while striving to build a healthier, more supportive environment for all.

The unique and holistic approach from University Correctional Health Care Solutions, LLC underscores our dedication to creating positive, lasting impacts on the lives of individuals, their families, and the communities of Illinois.
